Drained gas locker to port
Pressurised hot and cold water transom shower

Remarks :

This Jeanneau Sun Odyssey 349 is in excellent condition; the current owner has owned her since spring 2017. She is very well maintained with regular servicing of the engine, and the sails have been laundered each season. The owner stores her on the hard standing each year without fail and also has a full winter protective cover that covers the whole deck.

She is a high specification model with the preference trim pack, and the performance pack which has extra winches, rope clutches, Dyneema rigging, spinnaker gear, low friction lead rings for genoa trimming and a Windex.

The engine has 323 engine hours, and as stated already she has been serviced regularly. The Jeanneau Sun Odyssey 349 is a popular model; she was nominated for European Yacht of the year in 2015. She is a fast family cruiser that offers good internal volume for a yacht of this size with sleek, stylish modelling throughout.

Owners Remarks:

I have owned Bowleaze since 2017 and have enjoyed every moment of her; she is the fourth sailing yacht that I have owned and probably my best. I really like the Jeanneau brand, and I am likely to buy another!

I keep the boat in Fowey on a river mooring during the summer and store her on land during the winters; I bought a full winter cover for her which really helps protect her during the winter months. She is winterized and serviced every year, and I also remove the sails, canvas, all cushions and covers.

Bowleaze has not let me down, and I sail the majority of my time single-handed, so she is

set up for short-handed sailing and reliability is essential for me when sailing on my own. I tend to cruise the local coastline to Falmouth, Plymouth, Dartmouth etc.
