Wheelhouse with panoramic views, helmsman's seat & a linear crew bench seat to starboard

Open aft cockpit with seating & storage

Eberspacher diesel fired cabin heating

Remarks :

The Fisher 30 is a very popular model, she has good internal volume for a 30 footer and her sea keeping ability is excellent, she sails well as a motor sailor and she has a replacement 38hp Beta engine which was new in 2014 along with the hydraulic gearbox, so she has plenty of power and reliability under motor. The engine has only had 160 engine hours put on her since new in 2014 and has been professionally maintained!

She has been in the same ownership for a number of years now and has mainly been cruised around the southwest coast, under the current ownership she has been wintered ashore every year and also berths on a tidal mooring so dries out.
