Helmsman bucket seat to starboard with sliding base & bolster
Navigators seat to port with three positions backrest adjustment for a forward-facing navigator seat, aft-facing ski spotting seat & an extended flat sunbathing platform
U-shaped rear seating arrangement with infills
Large sunpad on top of the engine lid with a leanback adjustable sunpad headrest
Large extended swim platform

Remarks :

The Bayliner VR6 Bowrider is a fantastic model; it boasts the modern beam forward & Aftedge style brought in by Bayliner, which carries the boat beam from the transom to the bow creating versatile, roomy cockpit & bowrider areas.

The ride you get with the beam forward design is still very smooth as the underwater profile still holds the deep v section with stabiliser strakes, so there is no compromise on comfort despite the wider bow section.

The engine is a Mercruiser 4.5L MPI, 250hp petrol engine, with a Recmar SE116 sterndrive; the engine had a full service in Feb 2023 & is ready for a new owner to use straight away this season.

The VR6 is a great family day boat for the family it has a ski hook for tubing, wakeboarding, or waterskiing & it has the benefit of separate enclosed heads/changing area with porta poti in the portside console, which could be doubled up as storage should you prefer.

The boat comes with an SBS double-axle, braked road trailer, providing flexible berthing options.

Shammu is in excellent condition, she has a comprehensive interior cushion package for the

seating & sunpads made up of faux leather and perforated leather coverings which gives a real quality feel to the finish of the boat.
