Remarks :

The Jeanneau Merry Fisher was a very popular model as she is the perfect mix between fishing and cruising. This is, in fact, the cruising model; she was built in 2007 and is the 2008 model.

She has the 110hp Yanmar engine with very few hours on; the engine has always been very well maintained, and we have lots of invoices to confirm this.

Roxanna is a lovely little boat in super condition; she has only ever been cruised rather than keenly fished so not much wear and tear. All of the cabin and cockpit cushions are in excellent condition; the interior berth has an infill to make a good size double berth which makes this boat a versatile weekender or dayboat.
