Storage drawers & cupboards
Opening window & roof vent

Remarks :

Brokers Remarks:

This Trusty T28 is an excellent example; she has been maintained to a high standard by the current owner!

The quality of build that Trust deliver is superb; she has a high-quality feel with the interior joinery and soft furnishings!

She has a good inventory with an ample electronics suite, including Raymarine equipment (autopilot, chartplotter & radar).

She is very spacious for a vessel with an overall length of 29.9 feet with an excellent owner's cabin, and a comfortable saloon. The aft deck is superb for entertaining, and access is perfect with a moulded GRP transom gate from the aft deck to the bathing platform.

Overall this Trusty T28 is a superb example and will give the new owner many trouble-free trips in the future!

Owners Remarks:

We have moored the boat on the River Yealm during the summer boating season and Blagdons Boatyard during the winters.

The boat has been used for extended trips around the south coast, including the Isles of Scilly, France and the Channel Islands. I have been around boats since childhood and did all my own maintenance on the vessel to maintain its seaworthiness.

I have taken as much enjoyment from sailing the vessel as I have from keeping it in as pristine condition as possible.
