Remarks :

This Quicksilver 675 is an excellent example that has many optional extras chosen when specifying the boat from new. She is on her second ownership and has been in the current ownership since 2018.

The boat had an engine change in 2019 as the owner wanted more performance out of her and to get her on the plane with more ease, which worked a treat as she has the uprated 150hp engine that gets the boat planing quicker and achieves up to 30 knots.

Optional extras include;

Bow thruster

Windlass

Lowrance Hook 7 chartplotter/fishfinder

Lowrence DSC VHF radio
1770 VHF antenna
Sea toilet
Full cockpit enclosure
Live bait well & associated items (FISH PACK)
Extended starboard swim platform
Electric windlass
Bow thruster
