Aft cabin with double berth and en-suite heads. All new taps and plumbing 2004.

## Remarks :

This Nicholson has had many thousands of pounds spent on her in very recent years as can be seen from the above details. She would now benefit from being re-upholstered internally and the choice and colour of fabric can be reflected by the new owner. A "go anywhere" cruiser that has had all the major items renewed/refurbished. At a recent insurance survey one small area of 3 to 4 blisters was found between the epoxy coating and gel coat surface and when pricked they did not exhibit the characteristic 'osmotic' smell. Further minor blisters were found in the boot top painted area. None of these blisters were regarded as osmotic or serious.
