Mechanical and Rigging

Construction

The Serie 2 is the updated version of what has been a popular boat for Jeanneau. With a few tweaks she is even better with new style windows adding more light, a more user friendly co pilot seat with proper back rest, a larger heads compartment and larger flush mounted aft swim platforms with a substantial hand rail.

White hi-gloss topsides with smart charcoal vinyl graphics. Moulded spray strakes and hard chine allow for easy handling at both displacement and planing speeds. Bow thruster tunnel already in place should this option be required in the future. Large anchor well with electric windlass, Brittany style anchor, tilting bow fitting, chain and warp.

Wider side deck to starboard allows easy access forward. Large self bailing cockpit with lazarette stowage. Bench seating to rear with removable cushions and padded back rests. Teak lead swim platforms at either side of engine well. Built in bathing ladder with stainless steel access handle.

Glass, one piece windscreen allowing excellent unhindered visibility. Twin electric windscreen wipers with screen wash function. Panoramic sliding roof hatch allows additional ventilation. Sliding windows port and starboard.

Shore power hook up point, cockpit shower and manual bilge pump handle. Mooring cleats fore and aft, stainless steel bow rails. Stainless steel grab rails in cockpit and on wheelhouse roof.

Engines & Electrics

The vessel is pre-rigged for a Yamaha outboard engine up to 175hp. The price includes a 150hp model with electric start and engine management system. Single battery providing engine start and domestic power. Battery is recharged via the engine alternator or by the onboard battery charger/shore power unit. 220V sockets at galley. 12V socket at helm. Shore power cable.

Fuel is stored in a 170 Litre roto-moulded fuel tank with pre filter. Tank is vented to cockpit for safety.

Accommodation

Accommodation

The interior is bright and airy thanks to the large side windows and opening roof hatch. The saloon is entered via a triple paned, sliding door which opens up the saloon as an extension of the cockpit. This boat features the upgraded "Luxury" galley with black worktops, stainless steel sink with pressurised water and a stainless steel single burner hob with pot fiddles. Electric Fridge.

Opposite is the saloon seating area with fully adjustable folding table, pivoting co pilot seat with adjustable backrest and double berth conversion cushions. All the extra cushions are cleverly stowed beneath the co-pilot seating. Opposite is the helm with adjustable helm seat and black anti glare dash. Sporty, soft grip steering wheel with hydraulic powered steering. Flush mounted single lever engine control and dash mounted engine management system. Garmin 7 inch colour plotter/sounder.

Forward of helm is the heads compartment with marine toilet and sink unit. There is an 80 litre black tank with deck pump out facility.

Offset double bed in bow with additional infill to increase size. All windows, doors and hatches fitted with blackout curtains and blinds. 220/12V sockets. Interior lighting. Fresh water tank with 50 Litre capacity. Excellent storage beneath galley and seating.

Remarks :
