Mechanical and Rigging

Construction

GRP Constructed day angler with white hi-gloss topsides and smart burgundy decals. Semi displacement hull with directional skeg and stainless steel rudder. Large capacity anchor locker with foot operated electric windlass. Moulded bathing platform with stainless steel ladder. Large self bailing deck with watertight locker storage port and starboard of engine hatch. Live bait well at transom with electric pump. Teak topped gunwales with built in net rollers port and starboard.

Stainless steel bow rails and stainless steel hand rails on wheelhouse roof offer security when going forward. Central wheelhouse with side decks port and starboard. Wrap around windscreen with electric windscreen wiper. Opening port holes and opening roof hatch for ventilation.

- **Hull antifouled in May 2021**
- **New Anodes May 2021**

Engines & Electrics

Vessel is powered by an economical and efficient VW 100TDi 5SE inboard diesel engine. The engine has completed 435 serviced hours and is in excellent condition. Most recent service in April 2021. Reduction gearbox driving a stainless steel shaft with 4-bladed bronze propeller. Timing belt change to be completed June 2021.

Engine start panel at helm with key start. Digital display giving fuel consumption, hours, oil pressure and temperature. Single lever engine control with forward and reverse gearing.

Bank of 2x12V batteries providing engine start and domestic power. Batteries are fitted with isolators and recharged via engine alternator and onboard battery charger. Shore power cable.
