Mechanical and Rigging

Construction

GRP constructed pilothouse day angler with navy blue simulated clinker hull. The topsides have been polished and under water areas antifouled in preparation for this season. Superstructure in white with heavy duty rubbing strake hiding hull to deck join.

Stainless steel bow rails with coated guard wires running to cockpit. Additional stainless steel parallel bars from anchor locker to wheelhouse roof offer additional protection when anchoring. Large self bailing anchor locker with drain. Towing eye.

Deep self bailing cockpit with inbuilt deck lockers. The central cockpit locker houses the fuel tanks whilst the outboard port and starboard lockers can be used as fish lockers. Aft locker houses the battery with isolator. 2-seats with cushions either side of the outboard well. Rod holders built into the cockpit coamings. Additional rod storage racks in cockpit.

Wheelhouse with two large glazed widows fitted with windscreen wipers. Large single glazed windows port and starboard of wheelhouse. Two small windows either side of wheelhouse door to rear. All windows and associated frames are in excellent condition.

- **Hull topsides polished in June 2021**
- **Hull antifouled in June 2021**
- **Twin windscreen wipers**
- **Full cockpit tonneau**
- **Aluminium bow roller**
- **Rod holders**
- **Mooring cleats with fairleads**
- **Opening foredeck hatch**

Engines & Electrics

Vessel powered by a low hours Suzuki DF70 4-stroke outboard. This electric start model; has an electric trim and tilt function. Rev counter at helm with visible and audible warnings for oil pressure, high temperature and charging. Fuel is stored in 3x25 litre tanks housed in the cockpit locker. The fuel is prefiltered before reaching the engine.

Single heavy duty 12V battery providing engine start and domestic power. This is fitted with an isolator and recharged via the engine alternator.

There is a Suzuki 6hp 4-stroke mounted on a bracket as an emergency back up.
