## Mechanical and Rigging

### Construction

GRP constructed motor boat with Deep-V hull, moulded spray strakes and directional skeg. Underwater areas were coated in August 2021 using a hard, 2 season paint. GRP topsides and wheelhouse in hi-gloss cream flow coat in excellent condition. Central wheelhouse with stepped access to foredeck. Raised anchor locker in bow with lid and strong point. Stainless steel stemhead fitting with inbuilt tilting bow roller. Wheelhouse with curved plexiglass windscreen. Perspex side windows with inbuilt sliding openings for ventilation. Large sliding opening roof hatch for added light and ventilation. Large flush deck cockpit with below deck storage. Port and starboard draining fish lockers. Port side of transom has a built in live bait well with sea water pump. On the opposite starboard side is an opening transom door. Bathing ladder built into transom step. Pull out cockpit seating at rear of transom and port side. These have removable cushions and backrests. Rod racks attached to the underside of seating. To starboard is a built in rod rack. Removable cockpit table with storage bag.

- **Bespoke Stainless Steel Cockpit Rails**
- **Additional Rod Holders**
- **Live Bait Well**
- **Sea Water Deck Wash**
- **Cockpit Seating with Cushions**
- **Cockpit Table**

### Engine & Electrics

Vessel is powered by a low hours, well maintained Mariner 150hp EFi, 4-stroke engine. The engine was introduced in 2016 to replace the 115hp option that was supplied with the boat. It is situated in a well at the transom and fully raises from the water when not in use. Stainless steel 3-bladed propeller. Electric start with flush mounted throttle control box. Gauges at helm with management system giving engine hours, oil temperature, fuel burn and much much more. Engine has been well maintained and has had an annual service since it was installed in 2016. Last service was August 2021. There are 307 hours on the clock.

There is a small Mercury 5-hp four stroke mounted on a bracket which can be used as a back up. This engine has the option of using an external tank or its own internal one. Both are in good order.

Bank of 3X 12V batteries providing engine start and domestic power. These are fitted with a rotary style isolator and are recharged via the engine alternator. In the cabin there is a 3-pin socket situated at the galley sink. All the internal lighting has been changed to power saving LED bulbs. Shore power socket with lead.

- **Full service history**

## Accommodation

### Accommodation

For her size she is a very roomy and sociable boat. The aforementioned cockpit with its seating and table becomes part of the whole onboard experience when the doors to the cabin are open. In the bow is a double berth which can fully extend with additional panels and cushions to a huge bed. During the day this can be used as a storage area. There are fully adjustable pilot/co-pilot seating port and starboard with an additional seat behind the helm position. Beneath this is a very handy storage area. Opposite the aft seat is the small galley with moulded sink and hand pumped fresh water. Space for a bistro style hob.

The interior is bright thanks to the panoramic windows allowing excellent visibility for both passengers and helmsman. There is an additional sliding roof hatch which lets in lots of light and ventilation on hot summer days. This is fitted with a blackout blind. When sleeping onboard or for just general privacy, there is a full set of curtains.

- **3-Pin socket with shore power**
- **Opening roof hatch**
- **Full Curtain Pack**
- **Berth Infil Cushions**

Remarks :

Excellent example of the popular Quicksilver range. This 675 Pilothouse is no exception and is equipped full of excellent features and equipment that will only enhance your time onboard. Whether it is angling your after or spending time with friends and family, this boat will tick all the boxes. Firstly she has the larger, more powerful, Mercury 150HP fuel injected engine installed in 2016, a 5hp back up and a colour navigation package which includes a 10 inch Lowrance plotter and a 9 inch sounder with side imaging technology. Interior is bright, spacious and is equipped with 2-berths, full interior curtain pack, interior lighting and shore power. Large self bailing cockpit with fold up bench seating including removable cushions and a table.

Early viewing highly recommended.
