Mechanical and Rigging

The example is rigged with the mighty Yamaha F300BETX (300hp) with Electric Shift giving its user great control and very smooth shifting. The engine was last service in April 2018 and is currently circa 75hours.

This incredibly engine package will deliver speeds in excess of 45knots.

Accommodation

Spacious saloon with mirror and forward seating which converts to a double V berth (optional extra that this example has). Also below deck is a sink, fridge, worktop, further storage and a marine toilet enclosed in a separate heads compartment.

Remarks :

(Inc VAT)

This boat is a great alternative to a RIB's of similar length because she is drier, roomier, offers a much more inclusive seating and gives you modest overnight accommodation to make cruising a real possibility. She has Yamaha F300BETX (300hp) with Electric Shift. This is an extremely versatile boat that is family friendly with its high guard rails and walk around deck design, making her safe for all abroad. This model also benefits from having a lifting sun beds on the bow, marine toilet complete with holding tank and a cabin for overnighting or sheltering from the weather.

Cap Camarats are quite rare on the pre owned market as they are such versatile boats that owners tend to hold onto them. The only reason for this one coming to the market is the owner is upgrading to a larger Cap Camarat. This boat has been well maintained and has all the hallmarks of being well loved and upgraded. The updated equipment has been professional fitted and includes having a full suite of Raymarine instruments, up graded Fusion System, additional covers and shore power fitted to the boat.
