### **Manufacturer Provided Description**

With its attractive sleek silhouette and a deck plan optimized for long cruises, the Oceanis 48 is perfectly proportioned. Important options in terms of space organization and ergonomics distinguish her from others. She urges you to set off on long cruises and experience very comfortable stopovers.

### EXTERIOR DESIGN

The Oceanis 48 has a mainsail arch and centred mast making her well-balanced and her hull offers great stability and comfort at all speeds. This is an important step in the combination of speed, safety and flow when living on board.

### INTERIOR DESIGN

With three cabins including a spacious forward owner suite, the Oceanis 48 also cleverly places the accent on shared living spaces. The interior is bathed in a wonderful amount of light from the large hull portholes and the ambiance can be either contemporary light oak or a more traditional mahogany.

The 45° companionway is an important characteristic of the latest generation of large Oceanis yachts. It connects the huge cockpit with the boat's interior, having a considerable impact on ease of movement and lifestyle on board.

### MASTER CABIN

The forward cabin is a genuine suite fitted with an Italian-style shower. It has intelligently organized storage and attractive trims. The generous amount of space promises a real feeling of well-being.
