- Sink
- Shower
- Jabsco marine toilet

Remarks :

Moody S 31 for sale. Built in 1994 by Marine Projects in Plymouth, Devon. This is an airy and able boat that has been kept in excellent condition.

The vendors have owned the boat for three years and are now reluctantly giving up sailing. They say she is a boat that is easy to sail and offers good accommodation. They bought her in excellent condition and have upgraded the boat in their ownership.

The Moody S31 was built with a deeper draught than the previous Moody 31's and had a slightly longer water line length and broader beam this gave more speed under sail and room for more internal accommodation.

She can sleep six with a surprisingly large and comfortable double aft cabin, a double 'V' berth in the forepeak and two settee conversions in the saloon.

Designed by Bill Dixon, MULBERRY has a fin keel and Bermudan sloop rig. She is afloat on a marina berth in Dartmouth and available for viewing.
