Remarks :

Hunter Horizon 30 for sale. NAMASTE was built in 1995 to a design by David Thomas. Offering an unusual balance of qualities that have been admired over the years, being creature comforts, impressive performance and easy handling, as well as having twin fin cruising keels, and therefore cruising dexterity.

Sleeps up to 6 people in 2 double cabins and the saloon (the saloon berths are generous). The saloon feels open and light with a sturdy table. There is ample room for food preparation in the galley area as well as a good sized chart table. These boats are quite rare, and this example is priced to sell quickly, since the owners have decided to buy another boat.

Currently ashore at Noss on Dart Marina in Dartmouth and available for viewing.
