Spectrum 480 Pilothouse

Broker Remarks

The Spectrum 480 is a 440kg 4.8 metre trailerable boat with a fully enclosed cabin capable of sleeping two overnight (no heads but we feel sure a resourceful owner could fit one). There is a pilot house hardtop over the helm with standing headroom. Generous Plexiglass windows on three sides allow good visibility in all directions and excellent weather protection, perfect for cruising fishing and exploring. Wide side decks and non-slip deck finish and large cockpit.

HETHRAD is in as new condition and both outboard and auxiliary engine are under manufacturer's warranty until 2024. The outboard has completed 20 hours and the auxiliary has never been used. Antifouled from new and always kept in dry stack when not in use.

An opportunity to buy an as new boat with road trailer that is ready to go.

ACCOMMODATION

Cockpit:

- High quality vinyl cushions for all seating
- 2 self draining points
- Windows are polycarbonate and fastened with stainless steel screws
- Electric bilge pump

Cabin:
