### **Remarks :**

**This Bayliner VR6 Bowrider is one sporty yet comfortable performance boat that will provide all the thrills whilst accommodating the whole family for days out.**

**With striking lines and a cool-looking black/red hull livery, combined with the much-vaunted pronounced 'BeamForward' bow profile and top speeds of some 50 knots from the the powerful Mercruiser power unit, the VR6 definitely makes a statement. Remarkably however for a 22-footer she also manages to provide plentiful space for sun-lounging, a wraparound windshield and a variety of fore and aft facing seating for socialising. Shammu has a deep, self-draining cockpit and high freeboard for secure riding - this example even boasts a small heads/changing facility within the portside console.**

**Comes with a good trailer providing flexible berthing options and a decent boarding**

platform. She is in fine fettle and ready for some post-lockdown fun!
