This vessel is offered subject to prior sale, price change, or withdrawal without notice.

Remarks :

Paws For Thought is great example of the Bayliner 288 flybridge fitted with a single Mercruiser 350MAG MPI 300hp petrol engine which has just been serviced. This engine is a good choice for not only fishing and pottering around but also suitable for extended

coastal cruising. She presents well and would be a great choice for someone looking for a sporty cruiser with a good deal of open space, bringing light into the comfortable accommodation. The Bayliner 288 delivers more space than similar sized cruisers with her 6 berths in an open plan layout with a large cockpit and good sized flybridge. Berth available subject to contract!
