Remarks :

Westerly Corsair 36 for sale. Launched in 1984 SEAGO has been owned and meticulously cared for by her current owners for some 22 years. Typically laid up ashore between extended summer cruises she is dry and in fine condition. With her shallow-fin keel that was overhauled in 2021 she is equally at home in rivers and estuaries as well as on the open seas. Benefitting from a recent engine upgrade with only 200 hours and a new suite of sails (used for only approximately 14 weeks since new), together with delightful teak-replacement decks, refurbished upholstery and upgraded instruments, this high quality cruising yacht really should be inspected in order to appreciate her condition and presentation. Centre-cockpit with a spacious owners' cabin, twin heads plus plenty of accommodation for crew and for guests. Currently lying ashore in Brixham, South Devon
