Wake Tractor WT-1

Broker Remarks

The Wake Tractor is an innovative new brand that has been designed and built to bring an affordable wake sport boat to the market without sacrificing performance but eliminating unnecessary extras that add to maintenance costs.

The hull of the WT-1 was developed after many hours of testing with top wake form engineers and is perfect for both wake surfing and wakeboarding. Wake Tractor is challenging the industry to create a great surf wake without the need for the tabs that most traditional boats have.

Powered by a 150hp outboard motor, the WT-1 is 5.7' long.

**Another boat sold by
Network Yacht Brokers**

The WT-1 is easy to maintain, with a non-slip deck throughout the deck of the boat and a built-in cleaning system that allows easy cleaning. The boat also features bullet toggle switches that allow you to set your wake.

The WT-1 has been engineered for maximum seating and comfort,

it keeps its beam all the way up to the bow of the boat giving you more seating and storage, while creating a head turning stance in the water, this coupled with the transitional back rests ensure you can enjoy a full day on the water in comfort.

The brand new Wake Tractor WT-1 by Heyday Inboards is now available from £41,000 new. The fully loaded ex demo boat as seen at London Excel Boat Show is now available for £42,995, list price would normally be £48,200. through Network Yacht Brokers Pwllheli, please contact Mick Killip for further information or to arrange a viewing.
