Remarks :

Owners Comments:

Shundo is a comfortable, robust aluminum travel sailboat built by the META shipyard in 1988. In "Strongall" the thickness of the aluminum is: 12mm / m in its bottom, it is an unbreakable, robust sailboat, 13 , 84m x 4m for 15 tons. Equipped for the big trip and the life on board. Its draft rises entirely allowing the stranding or the passage in shallow water 1.5 / 2.7 m. It has been our home for more than 10 years in comfort
