Remarks :

Grand Cru was designed to be a world cruising yacht, a Jongert styled 2003 Custom Built World Cruising Yacht. Although only 61ft this hand crafted Dutch built yacht has many features of superyachts over 80ft and equals or surpasses the quality of Oyster, Swan, Hallberg-Rassy etc. The initial build cost was in excess of 3 million euros. "This yacht needs to be seen to be believed!"

Designed by Gabriel Heyman, it has incorporated some unique features to optimize a low centre of gravity.

Dutch hand crafted steel hull with ice capable bow, 2.8m keel which allows greater stability, aluminum superstructure, carbon fibre mast and boom that gives exceptional strength with low weight. All sails are North Sails

An exceptional hydraulic system which allows ease of maneuverability. All furling, winches, anchor, anchor wash etc are hydraulic. This yacht can be easily be managed by 2 people

A lavish and exceptionally well appointed interior incorporating air conditioning, wet central heating, all Miele appliances and cream leather seating provides the ultimate in comfort.

Mooring berth (available by separate negotiation)
