Remarks :

A well presented one owner Beneteau Oceanis 393 Clipper. Presented with a flag blue hull with white top sides.

This is the 2 cabin version with the owners cabin forward with private en-suite and very large double at the stern.

The saloon in the two-cabin model includes a large U-shaped settee to port with a small centerline seat. There is storage in corner lockers and under the settee. The spacious interior makes use of the 13-foot, 1-inch beam, by extending the furniture nearly to the hull at the expense of storage locker depth. The table, which lowers to converts to a double berth, is to port, with an entertainment console and large storage area opposite.

The navigation station is aft. This is an excellent use of space. A number of folded charts and guidebooks can be stashed inside the nav desk, and there is room for radios and repeaters beneath the electrical panel located outboard. The most striking feature of the saloon is the skylight-it floods the cabin with welcome natural light.

The two-cabin plan includes an L-shaped galley to port. Double stainless steel sinks face forward with a two-burner stove and oven outboard. A 12-volt refrigerator, with a front-opening door is standard. Galley cabinets have louvered door faces for ventilation and there is plenty of counter space for preparing meals.
