Accommodation

Sunseeker Description

Deceptively spacious, the Sunseeker Portofino 375 can deliver a top speed of 38 knots. The large dining cockpit, which seats eight, converts into a sun-lounging area. The cockpit also features a fully-equipped helm station. This performance craft combines practical cruising needs with a high standard of creature comforts. Luxuriously furnished and practically fitted out, the 375 can sleep six in comfort; the open-plan saloon offers a galley and head with shower.

Sunseeker's Cruisers offer performance and extended ranges along with crucial cruiser comforts such as well-equipped galleys and ample stowage. Their hulls are broader in the beam, providing more space for accommodation.
