Fridge
CD player

Remarks :

The **Jeanneau Sun Odyssey 40DS** is a raised saloon boat designed by Daniel Andrieu specifically for two couple cruising.

The **Jeanneau Sun Odyssey 40DS** introduced in 1998 is an excellent example of the deck saloon idea that has revolutionized yacht design. The panoramic view below and well protected helm above out weigh any preconceived stylistic standards. The sensibility of these yachts is lending them to become the dominant style of yacht seen off our shores.

The layup is composed of layers of solid fiberglass cloth glassed together with polyester resin on inner layers and blister resistant vinylester resin for the outer layers to make for a very strong hull.
