Remarks :

De Vries Lentsch Steel Ketch with a round bilge and a long keel. Current owners have loving maintained this fine motor sailor. Classic De Vries Lentsch Ketch (accepted to the Dutch Classic Yachts list)

built to 5 and 4mm, keel 8mm Corten steel (a corrosion resistant steel) in Holland.

The wheel house provides excellent visibility, safe due to it's broad gangways and high toe rail and comfortable at sea due to its lines and weight of 11 tons. Dutch registration.

Many first owners still own their Sirocco's and contribute to the selling slogan:

Sirocco, a motor sailer which will never leave you at sea!
