Remarks :

Westerley Oceanquest Aft Cockpit version. With two previous owners, this is a great example of the Westerly range designed by Ed Dubois with wide decks for ease and safety the construction also benefits from the firet mat which increases the deck strength allowing you to add extra fittings quickly and easily without extra strengthening.

Being the aft cockpit version of you will have the quality and seaworthiness of a Westerly coupled with the ability to Med-moor without having to struggle out of a centre cockpit. The woodwork aboard feels modern with lighter coloured wood which helps open the space.
