Accommodation

- No. of Berths- doubles/singles: 3 Doubles plus good sea berth in saloon
- No. of Cabins: three doubles
- Heads: one en suite in fwd master plus one guest
- Headroom: 1.95
- Upholstery: cream coloured Alcantara
- Curtains: Blinds and mosquito nets
- Flooring: composite panels
- Chart Table
- Saloon Table: varnished wood folding
- Heating: AC reverse cycle

Sleeps 7, two in each of the three sleeping cabins and one in the main saloon where one of the seats can form a sea berth with adjustable lee cloth.

The large owner's cabin forward has a generous double berth, vanity unit, with hanging space and shelved storage lockers. The ensuite has a separate shower with Jabsco electric toilet, wash hand basin, locker and the shelf.

The saloon has linear seating to starboard and U shaped seating to port around a varnished wood table. There is generous stowage around this area and below the seating.

The navigation area to starboard has a chart table, a bin for pilots and an electrical control panel

The spacious galley has a 4 burner cooker with oven and grill, 2 sinks with central mixer unit for the hot and cold pressurised water system, foot pump for cold water. 100-litre top opening icebox with 12 V refrigeration unit. 130 litre front-opening 12 V refrigerator.

Twin aft cabins with double berths that can be split by lee cloths to form sea berths. Plenty of storage in hanging lockers. The heads compartment is accessible from the saloon and the aft starboard cabin. It has a separate shower, manual Jabsco toilet, wash hand basin, and a locker.

Care has been taken to facilitate good fresh air circulation with most opening hatches fitted with mosquito nets and either blinds and curtains. The main windows and hatches are fitted with internal blinds and insect screens and external removable covers to prevent the sun penetrating to the inside during the summer. The Climma Air conditioning is formed of three units that can be used for both cooling and heating and can be run by a 240 volt service or the generator.

Cream coloured Alcantara upholstery, the timber is a warm wood colour and the curtains are a grey and cream pattern.

Slatted bases to sleeping cabins.

Numerous 240-volt continental style power sockets, many fitted with removable converters to facilitate UK three pin plugs. Shore power connector in the cockpit with both a 32 Amp and 16 Amp connection leads and convertors.

12V lighting to all cabins, most are fitted with LEDs. 12V sockets to four cabins.

The cockpit table folds away while sailing, but in port, beneath the Bimini, it can be opened up to provide a large table for six to dine. Blue cushions to the seats and backs were renewed in 2019

Remarks :

Beneteau Oceanis 50 (3 cabin version)

She boasts a great specification and has been very well maintained by the current owners. Down below she boasts a bright and airy saloon and ample space in the sleeping cabins. Owners cabin forward features a large island berth and en suite shower and heads. A large practical galley is to the port side. Saloon with C section settee and folding table and sofa opposite provides a comfortable living area and great for entertaining/dining.

- Mooring in Lefkas Marina paid until End September 2021 (One year)

Owners Remarks

Oceanis 50 built by Beneteau in France in December 2006 for the London Boat Show, was launched in January/February 2007. The first owner sailed her from Lymington in the UK and the second and present owner bought her when she was lying in Athens in August 2015 and changed her name to Eos (the Greek Goddess of the Dawn). She is optimised for the Mediterranean and is maintained meticulously to provide reliable use throughout the year. She has all of the bells and whistles needed to make your journey and arrival comfortable including a 5.5 kW generator and a three-zone air conditioning system. She has never been chartered or raced and comes with full part one registry. Currently, she is lying in Lefkas Marina, Greece. We will be sorry to see her go, but tempus fugit!
