Remarks :

Bavaria 34 From stem to stern she exudes pedigree.

A generous, yet simply managed sail plan and the trademark deep keel gives the Bavaria 34 a turn of speed, easily harnessed by a short-handed crew. The cockpit is spacious and comfortable, whether carving to windward or at anchor with cocktails at sunset before dinner ashore.

Below decks, she boasts of three double cabins, a head and shower adjoining the sumptuously appointed saloon, full-size chart table, saloon table, sensible galley and rich mahogany joinery throughout.

Fabulous yacht, feels so much larger than 34 ft with ample accommodation below and well equipped. Lots of spares and extras included.

HIGHLIGHTS Include:

- * 3 Cabins plus two large saloon berths
- * Copper coated Hull
- * Volvo 2030 Engine
- * New Batteries
- * Solar panels mounted on SS gantry
- * 3 owners from new -always private and well cared for
- * EU VAT Paid

Until the end of 2001, all Bavaria Yachts were completed to the exacting regulations of German Lloyds. These regulations governed both design and construction elements. After 2001, the Lloyds approval was dropped in favour of more efficient (and therefore less expensive) manufacturing techniques. This is a German Lloyds approved Bavaria. For a yacht with such attractive lines, she disguises a standard and strength of build rarely found in production yachts today.
