Remarks :

French Polynesia Master is a spacious dive liveaboard yacht launched in 2016 - one of the few liveaboards operates in a true paradise on Earth - French Polynesia Atolls. Photographers on board can take advantage of fully equipped camera station. French Polynesia offers great diving opportunities.

Boat interior
The French Polynesia Master has 13 guest cabins and can accommodate 25 passengers. There are several rooms that can be converted. All cabins have their own air conditioning, private facilities, entertainment system, hairdryer, and a safe for personal belongings. The French Polynesia Master has a spacious and comfortable indoor lounge with a TV where guests can spend time after dives. There is also an outdoor dining area where meals are served. Use the comfortable sundeck to enjoy the view and get some sun. The ship has many lounge chairs and a jacuzzi.

Dive deck
The French Polynesia Master dive deck has lots of places to keep your diving gear, including under-bench boxes for masks, fins, and other personal belongings. There is a camera table for managing and preparing photo equipment and points for charging cameras. Divers can use showers for quick rinses after dives.

Safety
The French Polynesia Master has all the necessary items for safety, including first-aid kits, life jackets, and smoke detectors.

Suited for photographers
The French Polynesia Master is suited for photographers. There are a lot of underwater creatures in the waters of French Polynesia that attract photographers, including stingrays, blacktip sharks, and lemon sharks. The French Polynesia Master liveaboard has special facilities for working with cameras, including charging points.
