Mechanical and Rigging

Manufacturer Provided Description

Designed by world-renowned naval architects, Groupe Finot, the Oceanis 42 CC is a classy bluewater passagemaker that features numerous standard innovations at a value price that is rather remarkable. The 42 CC entices the eye of the traditional yachtsman with the beauty of her striking classic transom. Never seen before in the Beneteau Center Cockpit series, this brand new design's sleek deck line creates a lean fetching profile while maintaining utmost functionality. On deck, the stylish hard dodger with opening windows provides extraordinary protection to the spacious center cockpit. Standard bulkhead steering opens up the cockpit making it extremely easy to entertain and maneuver about. The expansive aft deck is big enough to accommodate several lounge chairs and is perfect for relaxing while at anchor. One of the 42 CC's most interesting innovative features is found aft: a sliding section in the aft deck conceals a two-tread staircase leading to an exquisite boarding platform on the drop-down transom. While underway, the transom / boarding platform pulls up shut to form the classic transom. Like all Beneteaus, the interior of the 42 CC incorporates beautifully crafted cherry stained cabinetry and joinery. Large overhead panoramic deck lights flood the main salon with light and ventilation. The gourmet galley features plenty of storage for all cooking paraphernalia and has loads of counter space. The luxurious master suite is equipped with a comfy centerline berth, flanking settees for lounging, and a built-in dressing table. But perhaps one of the best features of the 42 CC is the incredible amount of storage throughout.

Additional Information

Type :sail
Construction Materials - GRP
Builder / Designer - Beneteau
Keel / Hull Form - Fin
Make / Model - Oceanis 42 CC
Steering Type - Wheel
Year Built - 2002
