Mechanical and Rigging

She has a Bukh 36hp Diesel engine, which has been serviced every year and comes with a complete gasket set onboard.

Feeding the engine is a 40 Gallon Stainless Steel diesel tank.

12v & 240V electrics onboard. 5 x 12v Batteries feed the engine (new 2016), domestic and bowthruster. Two onboard battery chargers built in.

Solar panels & Wind Generator (Rutland 913) (With control box) keep the batteries topped up whilst cruising.

in 2006 a QL bowthruster was fitted, with a dedicated battery.

Remarks :

1986 Northshore Southerly 115 MK1. These are very well known capable cruising boats. Its lifting keel & generous accommodation make the Southerley 115's a good cruising choice. The Bukh engine is freshwater cooled, and serviced every year. She has received a few upgrades over the years, such as in mast reefing, hot water calorifier, full size toilet & recent refurbishment of the keel head and pennants.
She is fitted out with a hard wood interior, and Cream upholstery in good condition.
Viewing is highly recommended to understand the size of this boat.
Rutland Wind Generator and Solar panels are fitted to keep the batteries charged up, as well as 240v hookup and a battery charger.
in 2006 a Bowthruster was fitted to make berthing easier.
It even comes with a custom made yard trailer, making winter storage easy! (Not road legal)
