Electrical Switches
Navigation electronics (see Inventory for more details)

Remarks :

Broker Remarks

Ambergris is a beautiful example Colvic Sterling 35. Featuring a huge amount of accommodation, with two double cabins, and separate heads. Her aft 'state' cabin is completely private to the rest of the boat - and offers plentiful storage space. A large saloon and galley compliment the size of her sleeping arrangements. She is currently being ran as a bustling Air BnB Business, which could be sold to the new owners with discussion. Twin Volvo Penta Diesel engines, well maintained, push her to 15 knots if required. She will cruise at 8-10 knots all day long.

She is packed with upgrades such as Bow Thruster, Italian Leather Saloon Upholstery, 240V Alternator (Engine Driven), Sterling Charger System, Webasto Diesel Heating, Upgraded Navigation electronics and a brand new tender. She has been very well maintained, with her full bank of batteries replaced this year along with new through hull fittings and much more. She offers exceptional value for money and worth viewing to see her full potential. Currently lying afloat in Milford Haven, Pembrokeshire. Strictly viewing by appointment only as she may have guest onboard.
