Remarks :

"Man O War" Is a lovely example of a Beneteau First 375. Sadly offered for sale follow extensive blue water sailing preparation. She is offering exceptional value for money, and comes with thousands of pounds worth of unfitted inventory. The First 375's are designed with experience from Beneteau's prototype boats entered into the Admiral's Cup, One Ton Cup & SORC. From these prototypes, came the First 375 design. A proven, and capable boat extremely well designed by the well known Jean Berret. A truly superb cruising yacht, giving excellent performance and seaworthyness. Sleeping 6 - 8, she is the perfect family or long distance cruiser. She is currently lay afloat, and ready for viewing. Have a read of her inventory to understand exactly what is included with this boat, you will not be disappointed. If you are looking for a blue water sailing boat, and not afraid of doing a bit of "finishing off" then she is an ideal candidate.
