Twin bilge keels

Remarks :

"MorAwelon" is a lovely example of a 23ft Newbridge Virgo Voyager, designed by Roy Lunney as a small cruiser.

She is impeccably maintained, very strongly built, bilge keel, inboard diesel and a very unusual Junk rig. Perfect for sailing tidal waters and spending a few nights onboard.

She boasts a good sized galley, sea toilet (private), v berth (forward) and two single berths (starboard side & port saloon).

Headroom is pleasant at around 6ft in the saloon. If you are looking for an immaculately presented cruiser, for either single handed or family sailing then "MorAwelon" is well worth viewing.

She is currently lying afloat at Network Yacht Brokers Milford Haven, and viewing is available by appointment. Call is on 01646 278270, or WhatsApp 07709 095683.
