Many factory fitted extras, including: Electric windlass, T Top, wake/ski mast, marine toilet with holding tank, soft flooring throughout, sound system and so much more.

With her Air Step Hull the performance and handling make this a fantastic family boat.

Manufacturer Provided Description

The Flyer 7.7 SPACEdeck is a dayboat for large families and stands apart for the exceptional availability of space. Certified to carry up to ten passengers, it offers incredible driving sensations and great safety underway.

Taut line, large forward beam, lateral profile struts: the Flyer 7.7 SPACEdeck has an unusually dynamic look. The width of the walkways, the height of the freeboards and the many grab rails make you feel very safe on board. With a pronounced V-shaped bow, the almost vertical surfaces of her hull deflect water perfectly.
