Mechanical and Rigging

Legendary Rotax 4-Tec 250HP engine being the most proven technology in Jet propulsion. Where a prop engine pushes water in a dispensed pattern the Rotax Jet Power concentrates the thrust with an on-board impeller that pulls water in and forces it out at a single point for maximum power.

Closed loop engine cooling protecting the engine from harmful salt and corrosion by cooling it with clean coolant similar to a car, with a thermostat to ensure optimal engine temperature. A drive sleeve shaft prevents the problem of wrapping debris such as tow ropes and weeds around the drive shafts.

Lateral thrust control delivers quicker reverse and an aluminium reverse gate which offers unmatched low speed maneuverability to make docking a breeze.

Inventory

FACTORY INSTALLED OPTIONS:

- SB I195 OPEN SCARAB IDENTITY JET 2018
- ROTAX 250 ETC SGL 1.5L SC HO
- IMPULSE BLACK/ATOMIC/ATOMIC GRAPHIC
- IMPULSE ATOMIC COCKPIT (30)
- FIRE EXTINGUISHER - FIXED

Accommodation

SPECIFICATIONS:

- LOA: 18'10" / 5.73 m
- Beam: 8'0" / 2.43 m
- Fuel Capacity: 31 gal / 117 l
- Draft: 12" / 30 cm
- Maximum Capacity: 1400 lbs / 635 kg
- Persons Capacity: 8 / 8 CE
- Approx. Dry Weight: 2730 lbs / 1240 kg
- Deadrise: 20° / 20°

Benefits of Buying a Jet Boat

What are the benefits of choosing a Scarab Jet Boat?

- Jet Propulsion Performance
The Legendary Rotax 4-TEC Engine is the most proven technology in jet propulsion. With over 550,000 currently in operation and three power levels from one proven block.
- Direct Power Gives You Maximum Power
Unlike a conventional prop engine, which pushes water in a dispensed pattern, Rotax Jet Power concentrates thrust. An onboard impeller pulls water in and forces it out at a single point for maximum power. Less wasted engine power means more power in your throttle hand.
- Advanced Safety
Scarabs are designed from the ground up so you will always enjoy a fun and care free days on the water. With Rotax® Jet Power, you do not need to worry about a propeller when swimming or skiing near the boat. You also have peace of mind knowing that your Scarab has a very shallow draft allowing you to avoid below water obstructions and the ability to safely navigate almost any part of the waters.
- Closed-Loop-Engine Cooling
Protects the engine from harmful salt, gunk and corrosion by cooling it with clean coolant like a car. Like your car, every Scarab has a thermostat to ensure optimal engine temperature for engine reliability.
- Drive Shaft Sleeve
Helps prevent the problem of wrapping debris, such as tow ropes and weeds, around drive shafts while other systems can only try to fix the problem after it occurs.
- Lateral Thrust Control Delivers Quicker Reverse
Unlike other boats, which feature a small, plastic reverse gate, our aluminium reverse gate offers unmatched low-speed manoeuvrability to make docking a breeze.
