Accommodation

Remarks :

Haber 620 Sloop pilothouse yacht for sale! This trailerable model offers 1.8m standing room in saloon, separate enclosed head and a lifting keel. The mast is easily lowered by one person, and she has a galley, 4 berths and a single Mercury 4hp outboard engine as standard. This particular boat comes with some additional factory fitted options including shore power, extra portholes, blue hull colour, brown sails, Coppercoat antifoul and a new Mercury/Mariner 4hp outboard. A purpose-built, strong, but lightweight Haber road trailer, enabling the boat and trailer to be towed by most family saloon cars, is also available at an additional cost.

Popular in Northern Europe, Haber Yachts have been building quality boats since 1991 and offer traditionally styled sailing and power boats ranging from 21 ft to over 36 ft. All models have a degree of customisation available.

This display/stock boat is currently ashore at Titchmarsh Marina and was successfully displayed at both Southampton and London Boat Shows. PBO magazine Test & Review of Haber 620 Sloop in February 2017 issue features this actual boat. Contact us today to arrange a viewing and for further details!

Dimensions

Manufacturer's Information

Designed and built in Poland, the Haber 620 has comfortable and spacious accommodation for it's size and a clever Gaff rigged sail plan operated with just one halyard which allows easy handling. The rig can be raised and lowered single handed with the mast protruding just 0.8 mtr beyond the transom after it has been lowered for transport. The 620 is fully trailerable and can be specified with an outboard engine up to 15HP. Despite the small draught, the yacht cannot capsize thanks to the adequate permanent inside ballast and the hull's body design.

The interior layout ensures comfort unlike any other yacht of this size. The high and well-glazed superstructure provides for a standing height in the cabin of 1.80 mtrs and exceptional visibility during navigation. In the forepeak there is a double berth, and another double is created in the cabin after lowering the saloon table. There is also a comfortable galley and a separate enclosed toilet.
