Accommodation

Remarks :

Passenger day fishing or utility motor launch ship list 2^a group 1 class can carry 35 passengers + 2 crew, with the possibility of up to 50 pax + 2 crew according to project and stability tests (Captaincy of Seville). She is built in steel and all the documents are in order. The owner says the boat has no faults. Powered by two Ford Mermaid engines this is a great example of a well-designed workboat. Certificates are up to date and dispatched and she has very low consumption.
Ready to surf and work. The owner welcomes any test.
