## Accommodation

### Remarks :

Cranchi 34 Zaffiro, 2001 model with twin Volvo Kad 43 diesel, presented in fantastic condition, lying in Ibiza. One owner from new and never used for charter. The price is for a quick sale. Max Capacity 12 persons

The CRANCHI offers a lot of space to the people on board, along with everything else they might need. It's difficult to think of more complete "Family styled" models: here, everything has been created around the idea of comfort, to make life on board even more pleasant. A design based around sober and elegant lines, where the level of habitability is remarkable. Boats designed to take you through your cruises, whether they be brief or longer, always offering you an unbeatable level of safety and sea holding. The "greatness" of these models is also clear from the details, the many useful and functional ideas: from the countless lockers in the keel, where you can store food, clothes, or other objects, to the many pockets and object-holders, to the practical wet-bars in the cockpit, with their sink with mixer tap and fridge (on request).
