Mechanical and Rigging

This unit built by the Jeanneau shipyard is a luxurious, comfortable and dynamic yacht installed with a Yanmar 4JH4-TE 100 HP Diesel Engine. At first glance, we have been struck and seduced by the elegance of her design, which invites both relaxation and performance. You will enjoy sailing on the Sun Odyssey 54 DS, which has been very well thought-out and finely built by the Jeanneau shipyard to offer pleasure boaters a subtle mix of security, power and comfort. Everything is effortless when steering this large offshore boat which includes a space dedicated to navigation with twin wheel steering stations, a friendly and comfortable space around the big cockpit table and a beautiful relaxation area. The generous winches and powerful electric windlass will facilitate your manoeuvres. We like the well-proportioned interior and spacious cabins of the Sun Odyssey 54 DS that provide a sense of space, light and volume. She is a seaworthy sailing boat on board which you will be able to enjoy offshore or coastal cruising fully.

The yacht has never been damaged. The sails (Genoa and Main) are original. Last service at the engine in 2021

2 fuel tank

2 water tank

The engine hours are 800 since the engine meters has been replaced two-three years ago. It has been for charter only the last five years.

Remarks :

The boat is sold together with the mooring in Alicante. The price of the berth is valued at €100.000

This yacht has only one owner from new and has always been lying in Alicante. The boat has sailed to the Balearics (all the islands) and along the Spanish Coast. Only one time has the yacht been to Sardinia, Italy. The yacht always had a skipper on board who took care of the maintenance. The yacht is on the Spanish Registry 6 list and has been chartered only for the last 4-5 few years, always with a skipper—next ITB Spanish Inspection is on 17 June 2022. The yacht is ready to sail and well-maintained. All the documentation is in order, and IVA is paid.

Capacity 11 passengers

Antifouling April 2022
