Samsung oven

Bosch hob four rings

Washer dryer

Remarks :

A good example of a Sunseeker Manhattan 64, and as expected she is very well built and equipped for Mediterranean use. The lines of the design are classy elegant and sober, combined with a semi-planing hull, built-in GRP following in the continuity of the Sunseeker brand functionality works perfectly when underway and at anchor. The overall concept developed combines comfort at rest with safety while in use on the sea.

The list of work done on 5th of May 2021 is:

- *the anti-foaling*
- *water leak repair (tree line)*
- *motor check, inverter, generator,*
- *change of the exterior cushions*

Jobs planned to do April/May 2022:

- Exterior polish (2500)
- Kitchen window (repair mechanism) 4 hours of work for a handyman
- Water pump (scaled) 600 euros
- WC cabin VIP change pump 400
- Living room carpet cleaning (500 euros)

- Miscellaneous 2 to 3000 euros

The Sunseeker Manhattan 64 is divided into four main operational spaces. Space is comprising of the flybridge, with an external cockpit and sunbathing area, the main forward deck and aft cockpit leading to the salon and the interior helm position combined with galley, lounge, and bedrooms accommodation.

There is accommodation for eight including two in the external aft crew cabin. Owners will enjoy the luxury of this Sunseeker as she has a full-width master bedroom, a large saloon and three separate bathrooms. Other practical details are the convenient access to the flybridge and the saloon.
