Remarks :

English

This Jeanneau Sun Odyssey 32.1 was built by Jeanneau, France in 1994 in white GRP and commissioned the same year to Spain. She is in excellent condition despite her age, notably

roomy for a boat of her size and easy to handle for sailing. She has been owned only by two owners who have well maintained her over the years. The first owner was using her during the summer for his holidays in Barcelona, and during the winter period, she has always been covered and stored. The actual owner who bought her only one year and a half ago made some works as changing the upholstery in both forward and aft cabin.

Spanish

Este Jeanneau Sun Odyssey 32.1 fue construido por Jeanneau, Francia en 1994 en fibra blanca y se encargó el mismo año a España. Está en excelentes condiciones a pesar de su edad, notablemente espaciosa para un barco de su tamaño y fácil de manejar para navegar. Solo ha sido propiedad de dos propietarios que la han mantenido bien a lo largo de los años. El primer dueño la usaba durante el verano para sus vacaciones en Barcelona y durante el período de invierno, siempre ha estado cubierta y almacenada. El propietario real que la compró hace solo año y medio hizo algunos trabajos como cambiar la tapicería tanto en la cabina de proa como en la de popa.
