Pressurized Water System
Water heated by engine a/o 220volt shore power

Remarks :

This 2008 Bavaria 40 Cruiser is available for sale in Port Ginesta, Barcelona. The Bavaria 40 yacht is the successor of the popular Bavaria 39 yacht. At 12.32 meters in length, she is a long-distance cruising yacht. Modern and easy to handle, she is perfect if you are thinking of globetrotting the ocean. Her design has more elegant lines than previous models. In addition, it's clear to see that the coachroof is flatter, which gives it a sportier appearance. If you are passionate about speed and enjoy a yacht that is simple to control, the Bavaria 40 Cruiser is the boat you are looking for. Sailing her will be an unforgettable and fun experience.

The owner bought her in 2014. What the owner says about Deep Blue: *I was sailing with friends and family on many occasions and she is comfortable, safe, and very stable. We have sailed her to Portugal several times (one time was 46knots of wind and over 4-meter waves) I always felt safe!*
