REF: 34F7785573

Mechanical and Rigging

Two Yanmar engines year 2020 power 30hp each, new shafts 4-stroke engine, diesel, injection.

850 engine hours

Rigging checked in 2019, all in order

The price includes an inflatable dinghy and outboard. They are stored inside lockers and when you sail you can keep the dinghy on the aft platform. The boat is ready to sail, and the seller is finalizing the last jobs on the boat because if they do not sell it they will be using it for charter for the summer. Therefore they are preparing the boat for the season. There is a table to fit in the cockpit, you can see a white table folded behind the chairs in the cockpit. The boat never had osmosis and the hull has been antifouled in February, anodes changed etc. They do not know the age of the rigging but they had it checked and serviced and it is good. About IVA, the boat will be sold with IVA paid in Spain.

Remarks :

Sailing Catamaran Woods Designs Flyca 37 complete restyling in 2018 next inspection in 2024. Holland Flag. Woods Designs is run by Richard Woods and specialises in designing multi-hulls for home and professional builders. The company was founded in 1981. We now boast possibly the largest and most comprehensive range of catamaran designs globally.

Capacity 12pax Area 2 60 miles

The Interior and Exterior have been recently completely painted, and it has a new bimini. New mattresses, upholstery, and safety equipment are new—four double cabins with two single berths in the bow.

All-electric installation is new, bilge pump, battery charger, and interior/exterior lights. New sails in 2019

Comments middle of August: It has all the taxes in force and up to date; it is currently working for events and charters, it can be bought, but the client cannot take it with them until the end of the season because they have charter commitments that they have hired this summer. It is well cared for and with all the documentation in order.

The hull is made of fibre; it is the only original thing (1989) that remains of the boat; the rest has all been restored between 2018 and 2020.

All mattresses, cushions, pillows, and upholstery have been changed, electrical and electronic cables, lighting and complete plumbing, new Silestone kitchen, electronics, new motors and sail drive, sails, bathing platform, all portholes.... Etc, if you have any questions, do not hesitate to contact me.

Last out of the water Feb 2022, antifouling, anodes etc
