Mechanical

Monte Carlo MCY65 powered by reliable and economical twin MAN V8 diesels each pushing out 1200hp with only 695 hours. Upgraded 20KVA generator from standard 9,5kva, Full European air conditioning including the crew quarters. Fitted with both stern and bow thrusters, the Yacht controller system makes for easy docking and handling by the owner or crew alike. Engine oil change system with double Racor filters for the engines and the generator also fitted with a Racor filter system. For safety a automatic fire fighting system protects the engine room and gives peace of mind. For extended cruising the 110liter an hour water maker makes this Yacht self sufficient. Fitted with a recessed hydraulic passerelle. The hydraulic up/down tender platform is fitted with a cradle for the tender and doubles as a bathing platform as well as making launching the tender a simple operation.
