History and Construction

This Beneteau First 30 was designed by Andre Mauric and built by Beneteau in 1979. The boat has a GRP hull, deck and superstructure. Cast iron fin keel with spade rudder and tiller steering.

Accommodation

The Beneteau First 30 offers 5 Berths in two cabins, the saloon has 2 single settee berths and a quarter berth on the starboard side. Good headroom in the saloon leads to the forward cabin which has a double V berth, with good storage space all round. Located between the saloon and the forward cabin on the port side is the marine toilet with wash basin.

The main saloon incorporates a central double drop sided table, located on the port side is the galley with sink, a two-burner gas hob with grill. On the starboard side is the chart table. The saloon is finished with wooden floors throughout, with cloth upholstery, curtains and a door separate the saloon from the forward cabin. Saloon has approx. 6ft headroom sloping down to 5Ft in the forward cabin.

The cockpit is large for the size of boat and has a reasonable amount of storage space.

Remarks :
