## Remarks :

**Malo** is exceptionally well known for making high-quality boats, and this 1975 built Malo 40H is no exception. The quality of the fit out inside has definitely stood the test of time alongside her owners looking after her well. Internally she has a significant amount of space for her 32ft length. This yacht is for sale as the owner has passed away and thus little information relating to maintenance is known. However, a 2013 survey report is available on request.
