History and Construction

This Sessa Marine C30 was built in 2006. It has a white GRP hull and superstructure with blue style strips. It has a Deep V planning hull with hydraulic steering. It has teak deck in the cockpit and on the transom platform. The vessel has been owned by the current owner for the past two years. He is looking to upgrade to a larger motorboat. The vessel has had six previous owners. The boat was last out of the water in October 2022 when she was antifouled, hull polished and anodes changed. Engines last professionally serviced in December 2022.

Accommodation

This 2006 Sessa Marine C30 has a forward V shape berth with dinette table that converts to a spacious double in main cabin.

To port is the galley area fitted with twin gas hob, stainless steel sink and worktop, microwave with lots of storage cupboards. To starboard is a large fridge with freezer compartment.

Also to starboard is the heads compartment with sea toilet, handbasin and shower area. To port of the companionway is the door to the aft cabin that has two single berths that convert to a double. The galley and heads has pressurised hot and cold water. Hot water is provided by the engines and 240v immersion heater.

Interior finished with light coloured wood which gives a modern feel. The cream upholstery also makes it feel very light and airy. The diesel cabin heating with outlets in all cabins also makes it feel cosy. on those cool evenings.

The cockpit has seating area to port, helm to starboard and table seating to the rear. Finished with a cockpit cooler, sink, transom shower and bathing platform. The cockpit is a great entertainment space either with the cockpit enclosure up or over. The cockpit and transom platform has teak decking.
