Remarks :

**** March 2021 pre-season price REDUCED TO 139,000 euros from 160,000 euro this Riviera is in immaculate condition and is the best priced Riviera 3600 on the market****

2006 Model, launched in 2007.

January 2021: engines serviced by Volvo

A fun and versatile sports boat with convertible well-fitted salon with stylish glass rear salon door to the aft cockpit, and swim platform. Fun, fast, and functional for fishing trips or family and friends.

The saloon and galley are on one level providing a very exclusive alfresco area.

A meticulous owner, who has regularly upgraded the electronics (latest Dec 2019). Twin fuel-efficient Volvo Pentas have been annually maintained (latest Jan 2021), this is a serious owner who loves his boat and is upgrading to a larger boat.

The Australian manufacturer has produced stylish and clever design features on the interior, and a sleek hull, exceptionally seaworthy in all conditions.

This boat is well equipped, life raft, life jackets, lifebuoy, distress signals, fire extinguisher, 8 fenders with socks. Ready for the season. We recommend early viewing as this boat is priced to sell quickly. Grab a bargain, and sail away.
